

Share Life-saving Truth

Here's a wonderful new way you can **motivate** young people to lead a Great Revival to restore America to its **Foundational Values**.

Anvóy America is a software platform that teaches Students moral Values along with life and business skills. It does this by providing **engaging** interactions between friends and family in a **simulated world** with a working currency and realistic **stock market** of Values.

Anvóy America is a parallel world which honors God and Truth more than profits. It's stocks are not shares of companies. Instead, each stock represents shares of one of the 12 critically important **Foundational Values** shown below.

Making Values Valuable

Each of these **12 Foundational Values** is not only a distinct concept, but also a "stock" that is traded on Anvóy America's **stock exchange**. We give Students free shares of Values as a reward for their participation. Then, we buy back any shares that Students want to sell. This process **creates a market** for shares and **excitement** about the Value concepts. Our goal is for everyone to build a **portfolio** of Foundational Values that blesses them, their communities and country!

Help Start a Revival

Just as no building can stand without a firm foundation, no society can survive without **Foundational Values**. Confusion and corruption grow as America abandons the biblical principles on which it was built.

The world is getting darker in spite of our efforts to shine the **Light of Truth**. The **good news** is with God's help we can restore our nation to the Biblical Values it so desperately needs. By becoming a **Sponsor** you make this unique, fun and **exciting adventure** possible!

What Revival Looks Like

1. Revival is spiritual, social and economic, because demonstrating our faith by our works affects **every part of our lives**
2. Many organizations, families and individuals (hopefully millions) will use Anvóy America to gain **strength in numbers**
3. We align our messaging and efforts around the **Foundational Values Framework** in order to increase our impact and reframe the "national conversation"
4. Selling shares of Values via this **simulation** raises much funding for organizations
5. We reclaim and redeem our religious, education, government and economic institutions, first **locally** and then nationally

Helping is Fun and Easy

Here is how Anvóy America works:

1. You and your Students earn **points** for **actions** taken such as inviting others to join or sharing info about Foundational Values
2. You and your Students receive **free shares** of Values based on your points. Students can keep the shares in their account, or sell them on the stock exchange.
3. As a Sponsor, you can **keep** shares in your account, or **give** them to your children or favorite charity at any time.
4. You can also enable the Crew Leader option and **mentor** youth and help them build their **portfolio** of Values

Get possibly 10x, 100x or even 1000 times more benefit from the dollars you pay in!

Multiply Your Impact

The share price of Values you hold within this educational simulation can go up or down. If they increase, they may become worth even **more than** the fees you paid. If you donate shares to a **nonprofit organization**, you may be able to receive a tax-deductible benefit for the greater amount. If you give shares to Students, they can sell them at the higher price and **spend the proceeds**. All members have a money account that they can use to pay participating businesses and ministries.

What could these **Values** be worth someday?

Bitcoin went from 19 cents to \$60,000

Can Anvóy Values go from **0.1 cents** to \$1?

That kind of growth could turn a **gift of \$1,000** into a **million dollars!**

A Vital Response

The current cultural crisis is unprecedented and requires an **unprecedented** response like Anvóy. We urge you to join us and help leave a better world for **future generations**.

Use Mentoring Tools

Crew leaders can create groups of students that they mentor using online resources and **discussion forums**. Students take actions that demonstrate their support of Values. Evaluation reports show the Leader which students deserve more rewards.

Identify Weaknesses

Our adversary the devil will attack our precious children in their weakest area. Like an enemy attacking a walled city, he will **study** our defenses and **exploit** the vulnerable point. This is why we need to spend our time and resources **wisely**. It doesn't help to add to the wall where it is already tall and wide. Satan will attack the areas we have (for whatever reason) neglected to strengthen. Anvóy's tools help us **protect** our loved ones by **systematically** identifying and filling any gaps in their worldview.
